December 2018

Managing Director's Report

Dear SYFERFONTEIN Team,

It has definitely been an interesting and challenging year indeed.

1. The Syferfontein Dolomite Conversion was successfully undertaken in this year and notarisation is expected in late January 2019.
2. The Syferfontein Carbonates Mopane Filler Dust Plant with increased capacity was completed and this allows the current surface stockpiles to be processed.
3. Continued upgrade of Health and Safety and legal compliance at all sites.
4. Continued implementation of ISO 9001: 2015 conversion at Syferfontein Carbonates Modimolle Plant.
5. Continued implementation of best practice at all sites.

"Individual commitment to a group effort--that is what makes a team work, a company work, a society work, a civilization work." --*Vince Lombardi*

I wish us all and our Families a safe and festive season and encourage us all to take the time to rest and refresh our minds and spirits.

This will give us the opportunity to be ready for 2019 which we believe will by all accounts be a 'great year'.

Best wishes and safe travels.....

Dane.

MODIMOLLE PLANT

Training

Maintenance

A lot of wind and rain

Having something to eat

Syferfontein Dolomite

Arrival of our new baby

We are very proud of the new addition to the Syferfontein fleet

**CAT
950G**

We received a Cat 950 to increase our production

Taking the 950 to the workshop

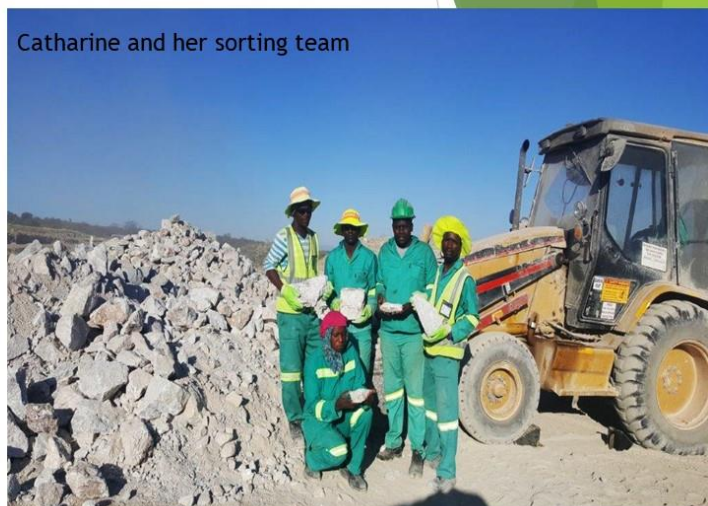

Drilling for the next planned blast

One of our recent blasts

Catharine and her sorting team

Panashe and Mhaka overhauled the Bulldozer engine and gave it a respray when they were done

We recently helped Mopane intermediate school with one of their projects that they are undertaking at the moment.

New sorting stations are being build on the main feed conveyor system

Mopane Plant

SYFERFONTEIN CARBONATES MOPANE PLANT

Victor and his team busy constructing a conveyor system for the new hammermill

Phineas is building a control room at the Filla Dust plant

New hammermill being installed

Filla dust plant dust extracting system

Closing up the Filla Dust plant

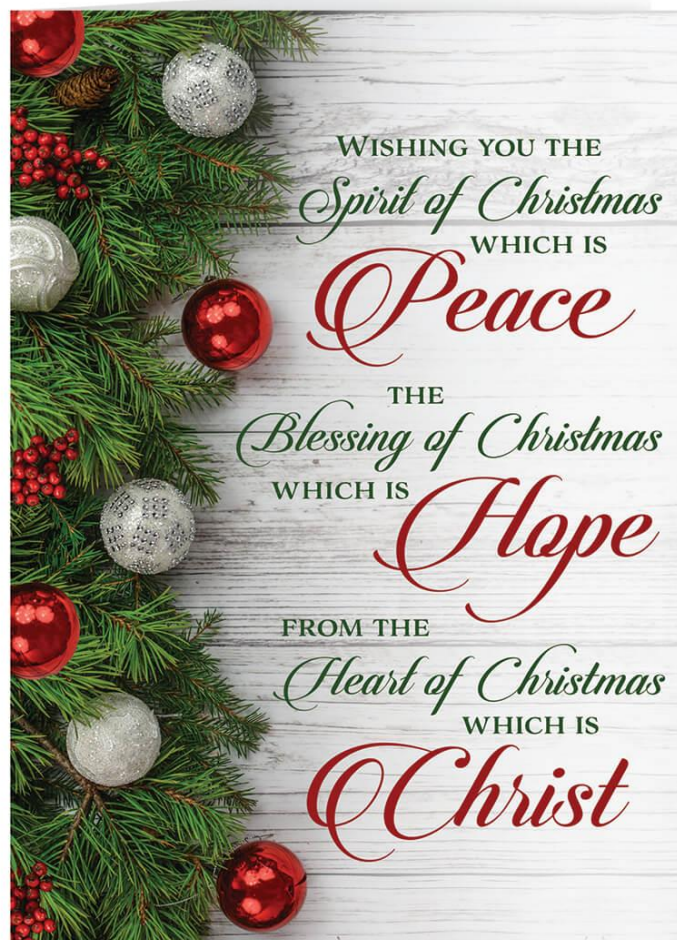

We had a busy year, worked hard and learned a lot.

We would like to thank our team for all their hard work and dedication during this year and all the support from the Syferfontein Group

On a
lighter note...
