December 2019

Managing Director's Report

Dear Team SYFERFONTEIN.

There are not enough words to detail all the events and activities which consumed us all in this 2019 year.

However, some events which deserve special mention:

1. Complete and final Registration of the Mining Right for the Syferfontein Dolomite mining operations for the next 30 years. It has been a mammoth task which started nearly 6 years ago and was a necessary goal to achieve to ensure sustainability.
2. The very recent commissioning of the Syferfontein Dolomite new sorting system which will give the Business the ability to diversify the Dolomite Production between the actual mining pits to the surface re-useable stockpiles.
3. The ISO 9001:2015 re-certification of Syferfontein Carbonates Plant.
4. The rotation of Syferfontein Carbonates in the Magnesium Oxide market back into the South African market to spread/diversify our Customer base.

We also welcome the signing of the Recognition Agreement with AMCU at our Syferfontein – Mopane Operations and strongly believe that the relationship will mature where all the Stakeholders will 'win'.

To our Customers, thanking you humbly for your continued Business Support and wishing you all the best for 2020 and beyond.

Finally to all our Stakeholders alike, as the year draws to a close and we head home or on vacation, safe travels and enjoy the precious time and moments with your Families, Friends and loved ones.

Happy Holidays, Merry Christmas and Happy New Year.

2020 – the next journey into the next decade!

Best Wishes

Dane.

Modimolle Plant

If the storerooms are full, we do maintenance.

The mill was cleaned and new liners put in.

We got back the compressor, which is now as good as new.

We've installed a silencer on the plant, to reduce the noise.

Holes are drilled to plant new Eskom pillars to help the cables not to connect.

Lovely rain at Modimolle.

Stores are washed clean, no more dust and the grass are growing again.

SYFERFONTEIN DOLOMITE

**AS THE YEAR IS NEAR ITS END, WE WOULD LIKE TO LOOK
BACK AT WHAT WE HAVE DONE RECENTLY**

SORTING CONVEYOR SYSTEM

**INSTALLING A NEW SORTING SYSTEM TO ENSURE THAT THE MAXIMUM PRODUCTION IS
EXTRACTED, AND TO REDUCE PRODUCT WASTAGE**

STARTING THE PROCESS OF THE NEW EXTRACTION SYSTEM REMOVE THE TANK FROM THE OLD WATER CAR AND REMODEL IS FOR THE DUST EXTRACTION SYSTEM

TEAM BUILDING

On a
lighter note...

Please note that we will be closed from 20th December 2019 for our annual shutdown and will open again on 6th January 2020.

We wish you a merry Christmas and a happy New Year.

Christmas Blessings
