

### PRODUCT DATA SHEET

#### SyferMOX- 1mm (C88KM).

|                                              |                                  |                       |
|----------------------------------------------|----------------------------------|-----------------------|
| Specification                                | Magnesium Oxide                  | CAS Number: 1309-48-4 |
| Packaging:                                   | 1-ton bags                       |                       |
| Typical Chemical Analysis                    |                                  |                       |
| As measured on a fully ignited basis.        |                                  |                       |
| MgO                                          | 88%                              |                       |
| CaO                                          | 3.5%                             |                       |
| Loss on Ignition                             | < 3.0%                           |                       |
| SiO <sub>2</sub>                             | < 3.0%                           |                       |
| Al <sub>2</sub> O <sub>3</sub>               | < 0,25%                          |                       |
| Fe <sub>2</sub> O <sub>3</sub>               | < 0,25%                          |                       |
| Mn3O4                                        | < 0.25%                          |                       |
| As, Hg, Cd, Ni, <del>Zn</del> Pb (ppm/mg/kg) | Not detected <5                  |                       |
| Colour.                                      | Off-White                        |                       |
| Typical Particle size                        | 95% minimum passing 1000 microns |                       |
| Mean Particle Size.                          | <300 microns.                    |                       |

This information contained herein is based on the present state of our knowledge. It characterizes the product with regard to the appropriate Typical Chemical Analysis. It does not represent a guarantee of the Chemical Analysis of the product. 08.11.2021.
